CERTIFIED MAIL - RETURN RECEIPT REQUESTED

KDOX - Pine Tree Media
KDOX(AM)
P.O. Box 7100
Longview, TX 75607

RE: KDOX(AM)
Longview, TX
BR-900817UF

Dear Sir or Madam:

Your above-referenced application for license renewal has been pending before this office since 1990. We have been unable to complete the processing of this application because you have not supplied us with the following necessary information:

RF Information: A response to Question 7 of the renewal application which adequately demonstrates that the station will pose no significant environmental impact from RF radiation to the public and to the station's workers. See enclosures.

Signature: The renewal application must be signed by a corporate officer if the licensee is a corporation, or by a partner if the licensee is a partnership. Where the licensee is an educational institution, an officer, director, or authorized member of the board of trustees, school board, or school superintendent must sign the application. Please submit an amendment in which such a person certifies that the statements in the application are true, complete, and correct to the best of their knowledge and belief.

We have attempted on several occasions to inform you of this matter and of the specific information that is required to complete processing of the application. To date, we have no record that you have filed the appropriate corrective amendments.

49

Pursuant of Section 308(b) of the Communications Act of 1934, as amended (47 U.S.C. Section 308(b)), you are required to submit the necessary information by October 16, 1992. Failure to amend the application by that date will subject your license renewal application to dismissal for failure to prosecute or result in other legal action which may also have the effect of terminating your licensed authority to operate and result in the deletion of the station's call letters.

You are also requested to notify the Commission as to whether the station is currently operating and on the air. If the station is silent, Commission records do not show that you have been issued a current authorization to remain silent. Therefore, if the station is off the air, you must submit a written request for authority to remain silent and indicate the steps that you are taking to resume normal operation in an expeditious manner.

If it is your intention to forfeit the station's license, correspondence communicating this fact, accompanied by the station's license, should be provided at this time.

The required information should be submitted in duplicate and addressed to:

Federal Communications Commission
Audio Services Division
1919 M Street, N.W.
ATTN: Lakisiha Young -- Room 302
Washington, D.C. 20554

If you have any questions concerning this matter, you may contact Lakisiha Young or Claudia Patterson at (202) 632-6485.

Sincerely,

Stuart B. Bedell
Asst. Chief, Audio Services Division
Mass Media Bureau

IN REPLY REFER TO:

1800C4

December 3, 1992

Certified Mail - Return Receipt Requested

Pine Tree Media, Inc.
P.O. Box 7100
Longview, Texas 75607

re: KARW
Longview, TX

Dear Sir/Madam:

By letter dated September 9, 1992 (copy enclosed), the Commission requested that you provide certain information with regard to a possible unauthorized transfer of control of Pine Tree Media, Inc., licensee of Station KARW, Longview, Texas. In addition, the Commission requested that you respond to questions raised by a December 1990, Commission inspection of the station which indicated that various Commission rules may have been violated. You were advised that your response should be submitted within 30 days of the date of the Commission's September 9, 1992, letter, and that failure to respond within the allotted period would result in a violation of Section 73.1015 of the Commission's Rules. The return receipt shows that the Commission's letter was received on September 16, 1992. However, to date, the Commission has received no response.

The Commission views such a failure to respond to official correspondence as a serious matter. Nevertheless, pursuant to Section 1.88 of the Commission's Rules, we will afford you another opportunity to address the matters set forth in the Commission's September 9, 1992, letter.

Pursuant to Section 73.1015 of the Commission's Rules, you are directed to respond to the Commission's September 9, 1992, letter within fifteen (15) days of the date of this letter. Please direct your response to: James W. Shook, Federal Communications Commission, 2025 M Street, N.W., Suite 7212, Washington, D.C. 20554. You are cautioned that willful and/or repeated failure to respond to official communications from the Commission can result in the imposition of administrative

sanctions, which might include designation for a license
revocation hearing.

Sincerely,

A handwritten signature in cursive script, appearing to read "Charles W. Kelley".

Charles W. Kelley
Chief, Enforcement Division
Mass Media Bureau
